## STATEWIDE SEARCHES

---

### Alabama Statewide Search

---

**Description of Alabama Corrections Data:** This database contains records of currently incarcerated inmates. The database contains approximately 25,000 records. Results may show inmate's name, DOB, race, sex, AIS (Alabama Institutional Serial), current location, release date, and status. This data is updated monthly.\*

**Description of Alabama Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, date of birth, address, and crime. This database is updated monthly. Who must register: Persons convicted of certain sex offenses who were released after June 30, 1998. Offenders must register for 25 years, repeat offenders register for life. The registry may include juveniles based upon risk to the community. This data is updated weekly.\*

### Alaska Statewide Search

---

**Description of Alaska Courts Data:** This database contains criminal records from 34 superior courts within 4 judicial districts. Includes most current and historical felony and misdemeanor convictions, and some traffic violations. Search results show the defendant's name, alias names, date of birth, disposition, county case number, charge, and all names of individuals involved in the case. The court records date back to 1900. This data is updated quarterly.

**Description of Alaska Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, age, physical description, address, crime, crime conviction date and court location. This database is updated monthly. Who must register: Persons convicted of certain sex offenses that were incarcerated, on probation, on parole or convicted on or after July 1, 1984. First-time offenders must register for 15 years, second-time offenders register for life. This data is updated weekly.

### Arizona Statewide Search

---

**Description of Arizona Corrections Data:** This database contains current and historical criminal records on inmates and probationers that are or have been under the supervision of a state correctional facility. Including felony and gross misdemeanor convictions. Search results show the defendant's name, alias names, date of birth, state identification number, physical description, county case number, county, disposition date, verdict, verdict date, fine, status type and probation time. The conviction records date back to 1939. The data is updated monthly.\*

**Description of Arizona Courts Data:** This database contains superior, municipal and justice of the peace records from the following counties: Apache, Cochise, Gila, Graham, Greenlee, La Paz, Navajo, Pinal, Santa Cruz, Yavapai and Yuma. Municipal court records are collected from Maricopa and Pima County. Data includes current and historical felony, misdemeanor and traffic records. Most non-Drug or Alcohol-related traffic offenses are restricted to enhance ease of use. Search results show the defendant's name, alias names, date of birth, state identification number, physical description, arrest data, disposition, county case number, charge or charges and sentence. This dataset dates back to 1987. This data is updated monthly.

**Description of Maricopa Superior County Data:** Search results show the defendant's name, date of birth, sex, case number, and attorney's name. Cases prior to August 2004 may also contain race, eye color, hair color, height, weight, address, court, and offense description. This dataset dates back to 1990. This data is updated monthly.

**Description of Pima County Data:** Pima County Sheriff arrest records. Search results show the defendant's name, date of birth, booking ID number, charge or charges and court. This dataset dates back to 1990. The database is updated monthly.

**Description of Pima Superior County Data:** This data contains felony and misdemeanor dispositions from October 1994 to present. Search results show: Name, date of birth, court, case number, offense, offense degree, disposition date and disposition. This data is updated monthly.

**Description of Arizona Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, age, physical description, address, risk level, crime and crime location. This database is updated monthly. Who must register: Persons convicted of certain sex offenses who were released from incarceration or supervision on or after June 1, 1996 or were sentenced on or after this date. Offenders must

register for life. Because of this date, the registry leaves a lot of offenders free from being publicly identified. This data is updated weekly.

## Arkansas Statewide Search

---

**Description of Arkansas Corrections Data:** This database contains current and historical criminal records on inmates and probationers that are or have been under the supervision of a state correctional facility for felony convictions. Search results show the defendant's name, date of birth, county case number, charge or charges, disposition, disposition date, verdict and sentence. The felony records date back to 1900. This data is updated monthly.\*

**Description of Arkansas Courts Data:** This database contains current and historical criminal court records from the counties in Arkansas. Includes felony and misdemeanor convictions with traffic violations. Search results show the defendant's name, alias names, date of birth, state identification number, physical description, arrest data, disposition, county case number, charge or charges and sentence. This data is updated monthly.

**Description of Arkansas Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, age, physical description, address, risk level, crime and crime location. This database is updated monthly. Who must register: Persons who were convicted, incarcerated, on probation or on parole on August 1, 1997 or later. Stalking is also included as a register able offense. Offenders must register for 15 years, sexually violent predators for 20. This data is updated weekly

## California Courts Criminal Search

---

**Description of California County Court Data:** This database contains records from Contra Costa Superior Court records, Fresno County Superior Court records, Indio Superior Court records, Los Angeles Superior Court records, Marin Superior Court records, Orange Superior Court records, Riverside Superior Court records, Sacramento Superior Court records, Santa Barbara Superior Court records, San Bernardino Superior Court records, San Diego Superior Court records, Santa Clara Superior Court, Santa Cruz Superior Court records, and Ventura Superior Court records. The records from Contra Costa, Los Angeles, Marin, Sacramento, San Bernardino, San Diego, Santa Clara and Ventura County are name indices only. Los Angeles County has felony filings only. The other counties show offender's name, date of birth, offense case number, offense statute and date of probation expiration. Court records data back at least 10 years except Santa Barbara County record date back only to 2001. Santa Clara County records date back to 1999. Fresno County was last updated May 2007. Marin County update pending, last update July 2004, Riverside County update pending, last update May 2007, Santa Cruz County update pending, last update September 2004.

**Description of California Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, date of birth, physical description, address, crime and crime location. This database is updated monthly. Who must register: Persons convicted of certain sex offenses since 1947. This data is updated weekly.

## Colorado Statewide Search

---

**Description of Colorado Courts Data:** This search includes felony and misdemeanor records from all Colorado counties, with the exception of Denver County misdemeanors. Search results show the defendant's name, alias names, date of birth, state identification number, physical description, county case number, county, disposition date, verdict, verdict date, fine, status type and probation time. The beginning data dates for the courts vary between 1977 and 1995. Broomfield County was added in 2001. This data is updated daily.

**Description of Colorado Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, physical description, address, crime and crime location. This database is updated monthly. Who must register: Persons convicted of certain sex offenses on or after July 1, 1994. Depending on the severity of the original offense, registrants are required to be registered for 5, 10 or 20 years.

## Connecticut Statewide Search

---

**Description of Connecticut Corrections Data:** This database contains records for persons who are currently serving time under the supervision of the Connecticut Department of Corrections or who have escaped or absconded. Search results show the defendant's name, date of birth, state identification number, admission date, Bail bond amount, most serious offense, offense severity, sentence date, detainer type, minimum sentence, maximum sentence, minimum release date, Maximum release date, estimated release date and status. Corrections records date back to 1970. This data is updated monthly.

**Description of Historical Connecticut Corrections Data:** This database contains historical criminal records on inmates and probationers have been under the supervision of a state correctional facility and include felony and misdemeanor convictions. Search results show the defendant's name, alias names, date of birth, state identification number, physical description, county case number, county, disposition date, verdict, verdict date, fine, status type and probation time. Corrections records date back to 1982. **This database is no longer updated.**

## Indiana Statewide Search

---

**Description of Indiana Corrections Data:** This database contains current and historical felony conviction records only. Search results show defendant's name, date of birth, physical description, court case number, charge or charges, counts, sentence length, projected release date, current location and status. The corrections records date back to 1977. This data is updated monthly.

**Description of Indiana Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, age, physical description, address, date of registration, county of registration and charge(s). This database is updated monthly. Who must register: Offenders convicted of certain sex offenses that were released, on probation or parole since 1989. Offenders convicted since June 30, 1994 must register locally. Sex offenders register for 10 years and sexual predators for life. This data is updated weekly.

## Iowa Statewide Search

---

**Description of Iowa Corrections Data:** This database contains current and historical criminal records on parolees and probationers that are or have been under the supervision of a state and community correctional facility. Includes current and historical felony, gross misdemeanor and some misdemeanor convictions. Does not include persons incarcerated. Search results show the defendant's name, date of birth, sex, race, county case number, jurisdiction, verdict date, crime code and offense. (If the probationer is currently under supervision, the record will not show penalty type, the majority of the community correction records are name indices, a county court search or offline statewide search is suggested). These records date back at least seven years. This data is updated quarterly.

**Description of Iowa Court Data:** This database contains felony cases collected from all counties maintained by the Iowa Court Information System. Misdemeanor cases are not included. Search results show the defendant's name, date of birth, alias, case ID, initiation date, charge number, charge description and disposition. These records date back five years, the majority of records date January 2004 to present and July 1999 to December 1999. Older data is pending per the Iowa Administrator of the Court. This data is updated monthly.

**Description of Iowa Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, physical description, address, crime and crime location. This database is updated monthly.

Who must register: Persons convicted of certain sex offenses who were convicted, incarcerated, or on probation or parole on or after July 1, 1995. Offenders are required to register for 10 years, sexual predators for life. Failure to register is grounds for automatic revocation of probation or parole. This data is updated weekly.

## Kansas Statewide Search

---

**Description of Kansas Corrections Data:** This database includes current and historical felony and gross misdemeanor conviction records. Search results include the defendant's name, date of birth, race, sex, county of supervision, offense description, offender status and date of release if offender is released. The corrections records date back to 1949. This data is updated monthly.

**Description of Kansas Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, physical description, address, crime and crime location. This database is updated monthly. Who must register: Offender who committed certain sex offenses after April 14, 1994. Offenders must register for 10 years, but can apply to the court for release from registration prior to this. The court must hold a hearing to determine whether the offender is rehabilitated. This data is updated weekly.

## Kentucky Statewide Search

---

**Description of Kentucky Corrections Data:** This database includes current and historical felony conviction records only. Search results show the defendant's name, date of birth, race, sex, county, offense description, and offense statute, time served, parole information and institution information. The corrections records date back to 1947. **This database was last updated, because of source issues, June 2007.**

**Description of Kentucky Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, physical description, date of birth, address, registration length, crime and crime location. This database is updated monthly. Who must register: Persons convicted of certain sex offenses who were released from incarceration on or after January 15, 1999. Offenders must register for at least 10 years. Offender addresses are updated every 90 days. This data is updated weekly.

## Louisiana Statewide Search

---

**Description of Louisiana Corrections Data:** This database is limited to individuals under the custody of the Louisiana Department of Corrections, who have been considered for parole. Search results show the defendant's name, date of birth, race, sex, offense description, parole information and institution information. The data is from November 2004 to present. This data is updated monthly.

**Description of Louisiana Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, alias, address, crime and crime location. This database is updated monthly. Who must register: Persons convicted of certain sex offenses on or after July 1, 1997. Offender must register annually for 10 years. Sexually violent predators must register every 90 days for life. This data is updated weekly.

## Maine Statewide Search

---

**Description of Maine Corrections Data:** This database includes current and historical felony and gross misdemeanor conviction records. Search results include information submitted to the courts from each county. Records reported show the defendant name, alias names, date of birth, physical description, county, case number, charge or charges, verdict date and status. The corrections records date back to 1990. **This data was last updated February 2006.**

**Description of Maine Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, physical description, address, crime and crime location. This database is updated monthly. Who must register: All persons sentenced on or after June 30, 1992 of Gross Sexual Assault when the victim was under 16 years of age. All persons sentenced after September 18, 1999 for any one of a number of sex-related or violent crimes. Offenders sentenced between 6/30/92 and 9/17/99 must register for 15 years. Offenders sentenced after 9/17/99 must register for 10 years. Sexually violent predators must register every 90 days for life. This data is updated weekly.

## Maryland Statewide Search

---

**Description of Maryland Corrections Data:** This database contains convicted offenders currently residing in a state correctional institution or under the supervision of the Maryland Department of Corrections. Results show inmate number, defendant name, date of birth, committing correctional facility, correctional facility address, and correctional facility phone number. These records do not have offense descriptions. Specific offense information is only available by requesting a county court search. This data is updated

monthly.

**Description of Maryland Sex Offender Data:** Searches will cover the District Court. Average turn around time is 1-4 business days. The searches cover the past 7 years and will return convictions or deferred judgments. Some searches may take longer due to court procedures or if additional records need to be ordered. Counties with longer turn around times than the average: none reported currently. This data is updated weekly.

## Massachusetts Sex Offender Search

---

**Description of Massachusetts Sex Offender Data:** This database contains high-risk offenders. Results may show offender's name, year of birth, physical description, address, registration date, conviction date, crime and county. This database is updated monthly. Who must register: Any offender who was convicted or released from custody or parole since October 1, 1981. Offenders must register for 20 years after their release from supervision. Sexual Predators register for life. Must be a resident to obtain limited information from this registry.

## Michigan Statewide Search

---

Records reported show the defendant name, age, physical description, photo of offender, home address, work address (where available), aliases, date of registration and conviction information. Who must register: Adult individuals found within the registry are included solely by virtue of their conviction record and applicable state law. Effective July 1, 2005, juveniles over the age of 13 at the time of offense, who are tried as a juvenile and are adjudicated delinquent, are also included within the registry if the trial Court determined that the circumstances of the offense require offender registration and ordered the juvenile to register. This data is updated weekly.

## Washington Statewide Search

---

**Description of Washington Corrections Data:** This database includes current and historical felony and misdemeanor convictions. Search results show the defendant name, alias names, date of birth, state identification number, physical description, county, county case number, charge or charges, sentence and disposition date. The corrections records date back to 1908. **The State of Washington no longer releases this information to the public, it was last updated January 2007.**

**Description of Washington Courts Data:** This database includes current and historical felony and misdemeanor records from all superior courts in Washington. Search results show the defendant's name, date of birth, race, sex, case type, charge, arrest date, offense date, disposition, case number and filing date. Pursuant to legal requirements, the Washington Dataset only dates back to the last five years of records. This data is updated monthly.
